They call me The Dark Mistress. They call me The Black Widow. They call me many things. What am I? Who am I? From what I know I was adopted by Lord Slayer who found me as infant in a Gypsy Camp outside of Minioc. My early childhood, or what I recall of it, was spent in the woods around britian. I did not care for the company of humans, hence I would spend many hours in the woods taming and playing with the creatures of the wild.

When I was the age of 11 my life changed. Dread Lord Zen stole me from my adopted father and taught me the Dark arts. Twas not long I was known thro out the land as a murderer. I can not beging to tell ye the lifes I took. It may be in the thousands. As I grew so did my crafes and skills. I learned the way into the heart of a many a Paladin. My purpose for this was to destory The Light.
